Logo Concept

The Whole

Wholeness is the quality of being complete. The Whole is connected with the rest from which every element is derived, and it is characterized by cognitive aiming giving the sense to each element in relation to it.

The Root-The diamond shape is the root of the Egyptian Ankh symbolizing life.

It is a representation of harmony, stability, and oneness with all things - a continuous wave in the form of a circle. Its shape is the root which represents a foundational energy of unity and well-being.

The Palm-Palm crown sun or spanish. The sun represents the creation of life and the daily cycle of life. Palm trees are considered symbols of returning. It was chosen as an element in the logo to represent the balance between the two.

The Coin-Trees are used to represent life and growth in mythologies, legends and novels.

Trees are considered representative of life, wisdom, power and prosperity.

The Flow-Nile crosses sun, keeper of the hour, earth, and the key of the earth to is stay connected to nature.

The two are closely related to indicate the flow of life and the connection that the resort aims with nature, the world and the waters.

The Water

The Land

Pattern Creation

This pattern represents the wholeness that wholeness is the quality of being complete. The Whole is connected with the rest from which every element creates harmony in mind, body and spirit.

Earthy Teal

Opened
An earth-tone color palette that is inspired by all things natural in nature. It was chosen to complement the environmental surrounding.

Grounded Brown was chosen as it is associated with the soil from which the rock come out.

Sandy Beige is the representation favorite. It is a neutral color.

Golden Brown was inspired from sunset skies and golden hours.

Earthy teal is mutual between blue and green, one that represents water and the other represents greenery. Combining the two is frequently said green. It rightly connected to nature and health.

Shampoo
for damaged and frizzy hair
Lavender

20 ml /fl.7 oz

Back side on packaging

Instructions

Shampoo is generally made by combining a surfactant with water, then adding other ingredients to stabilize foam(for example, with a co-surfactant), cloud (for example, with ethylene glycol distearate), thicken (with a polymer such as a carbomer), regulate pH (with a buffering agent), and perfume (with essential oils and other components, similarly to soap).

Thank You Card
